Other sources, such as family histories, are listed by title and shown where used. Please note that not all of the veterans had information that could be found. Perhaps the veteran's service has been credited to a state other than Vermont. The cemetery commission did not do an in - depth search, those wishing further information may be able to find it through their own search. Also, see the article concerning graveside markers on the Barre Town webpage.

Be advised that privacy issues will enter your search for family information. The more recent the data you seek, the more likely it will be protected. World War II information is getting easier to obtain, you still are likely to encounter privacy issues, data older than that era may have little to no restrictions, more recent data certainly will.

Should family members and their descendants wish to contribute information about their veterans, they may do so via the Town Clerk's webpage. The cemetery commission reserves the right not to publish the information subject to their review of the contents.

Other abbreviations included:

DAR	Daughters of the American Revolution
FFV	Flags For Veterans, Barre, VT
NARA	National Archives and Records Administration
NSDAR	National Society Daughters of the American Revolution

The commission wishes to thank Lt. Col. (ret.) Michael Jarvis of the Flags for Veterans organization for his support in identifying Barre Town veterans.
