**3. Other Business –**

**A. Miscellaneous –**

**Middle Road - Jack Mitchell was following up on the issue of the signal sequencing at Middle Road and South Barre Rd.-Route 63. Left -Turning traffic from Middle Road does not have ample lines of sight to cross the oncoming lane of traffic from Route 63 unless there is no traffic east bound or until the lane clears completely. The request to VTRANS would ask for consideration of a delayed signal allowing the south-bound traffic from Middle Road to complete the turn with a green arrow (Left) prior to allowing through traffic from Route 63 to come through to Middle Road on the green light.**

**B. Schedule items for July 15 meeting –**

- 1. Consider Traffic Calming**
- 2. Consider Speed transition on Route 14 at the Williamstown Line in South Barre especially as it relates to Kings Row.**
